

OWLDAO

HOLD \$OWL — OWN OWL

OWLDAO aims to allocate the world's leading DAO-directed treasury, partner with leading protocols, and build the future of crypto games.

OWLDAO is supported by OWLGAMES, a leading casino solutions on Ethereum networks.

\$OWL token is the governance token of OWLDAO.
OWLGAMES has pledged recurring contribution into OWLDAO treasury monthly to build the OWLDAO ecosystem.

Casino Profits

Currently, OWLGAMES has pledged 30% of its net profit as recurring contribution into OWLDAO.

Cross Chain

\$OWL is a cross chain token. Users can freely bridge \$OWL token via the OWLGAMES website.

Auto Liquidity Adding & Static Rewards

\$OWL token charges a 10% tax rate per transaction, 7% of the tax will be used for auto liquidity providing. 3% of the tax will be used for static rewards.

Static Rewards: When you hold \$OWL, your \$OWL balance will automatically grow.

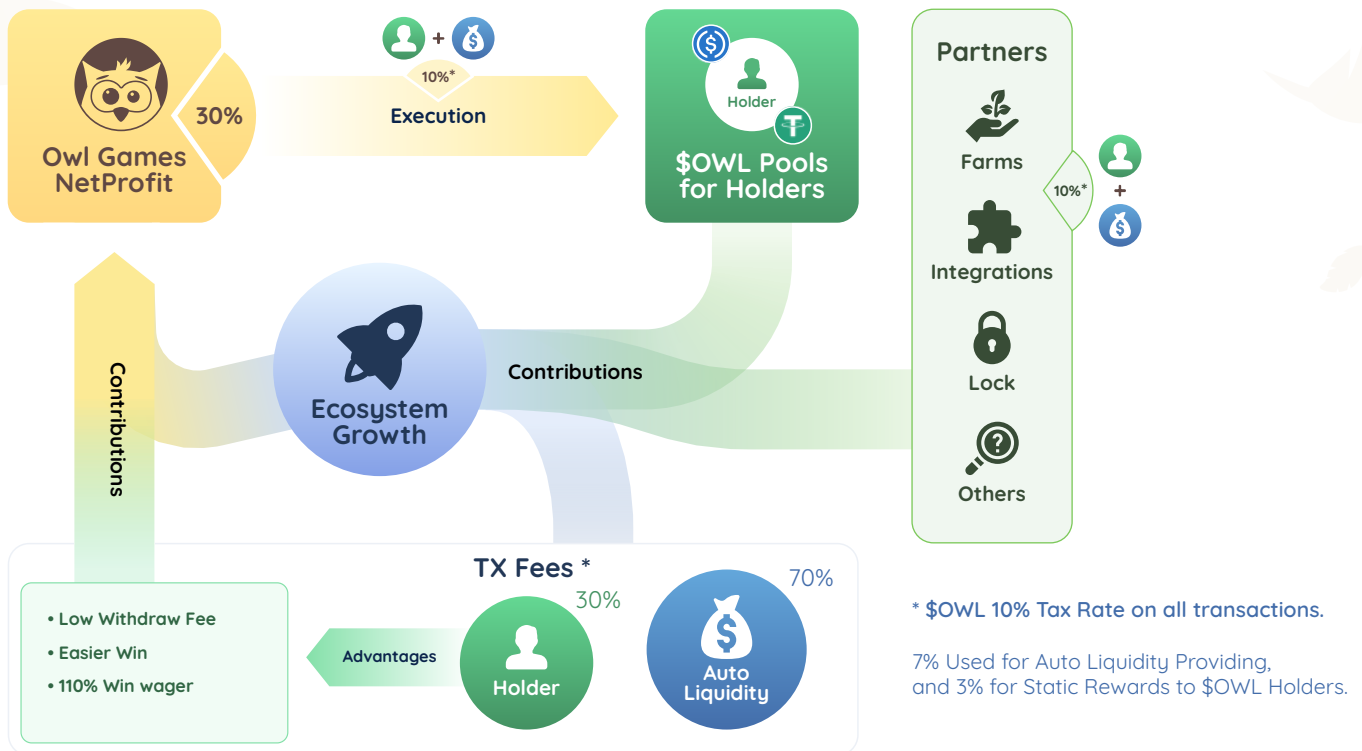

Token Holder Privileges

- Token Holders can enjoy lower withdrawal fees on our platform.
- Players using \$OWL will win rewards more easily on OWLGAMES. \$OWL betting contribute 110% of its actual wager amount towards the weekly leader board and other wager amount directed rewards.

\$OWL Ecosystem

OWLDAO aims to build an ecosystem around \$OWL and will continuously to add more token usage.

- OWLDAO will ask our DEFI partners to add farms for \$OWL when they list with us. So \$OWL token holders can farm on our partners' farms.
- For listing/ integration with OWL, OWLDAO might need the partner to pay/hold/ lock a certain amount of \$OWL for certain period.

\$OWL Tokenomics

TOTAL SUPPLY: 1 Billion.
